NICCM

RE: APPROVAL OF NICCM NAC

Dear Mr. Smith,

After examination of the NAC curriculum offered by your institution, I am pleased to officially inform you that the NAC course offered by NICCM has been approved by our Utah Child Care Licensing Program as a valid educational credential to comply with the director qualifications required by rule R381-100-7(1)(d).

This means that an individual who is at least 21 years of age, and who has valid proof of completion of the NAC offered by NICCM, plus any other rule requirements will meet the educational credentials needed to qualify as a child care Center Director in Utah.

Please let me know if any clarification or additional information is needed.

Sincerely,

Simon Bolivar, Administrator
Child Care Licensing Program
Bureau of Child Development
